KEMERBURGAZ CITY FOREST

Sports fields, concerts and art events around the forested waterway with an aqueduct from the Byzantine Period

Kemerburgaz City Forest, which has a total area of 5,500,000 square meters, includes sports fields, walking tracks, cafes and restaurants. It is also the meeting point of Istanbul's culture, art, sports and entertainment with its event and festival areas.

You can also enjoy the view from the Observation Tower, located in the depths of the vast forest, and have a bird's-eye view of the city. The forest, which has a large surface area, is entered through three different gates: Mağlova Gate, Mimarsinan Gate and Mihrimah Gate.
