I spent 5 months in the most beautiful city in the world. Istanbul cannot be compared to any other city in the world. It offers more culture and architecture than any other city. I also love the food and the warm people here. I would like to thank the Erasmus Office, especially Mr. Mert Yuçel, who was able to help with organizational matters. In conclusion, it can be said that I really enjoyed my time in Istanbul and that it was very difficult for me to break up because this city has so much to offer, you always discover something new and there is just something for everyone.
